NOTE: there are two sides to this application

Please read over and respond to the following questions, using complete thoughts and sentences. Each question will help you better understand what working is like at MTW.

At More Than Words, you would work 5 or 6 hour shifts during which you and your teammates will be responsible for managing the bookstore, café and online bookselling operations. You will learn: exceptional customer service skills, how to operate a cash register, public speaking & professional communication skills, teamwork, and computer/technological skills. Which of these feel manageable to you and which of these feel the most challenging to you?

In addition to your business shifts, you will also have a weekly 4 hour Youth Development shift. This shift is time for you to work on your personal and professional goals and consists of: a professional development workshop, time to meet one-to-one with your Youth Development Manager, time to meet with an Education Coach who can offer tutoring, and time to do individual work. Many youth use this time to develop and maintain their budget plans, work on advancing their education, and to develop action plans for what comes next after MTW in 6 months to a year. How will you best use your Youth Development time? How will you use the staff supports at MTW?

At MTW, we hold ourselves and each other accountable for our guiding principles: <u>Empowerment:</u> We have high expectations, clear and compassionate accountability and we promote individual independence. How do you respond to positive and critical feedback? How do you respond to being held accountable for your choices and decisions?

<u>Entrepreneurship</u>: We are innovative and inspiring in our work and lives, and we are youthdriven in all that we do. Do you see yourself as a leader? What does it mean to be a leader in a professional environment?

<u>Community:</u> We provide a safe environment where we care about the whole person while promoting a strong team. How will you contribute to the safe space and positive community at MTW?
